

## → Over 400 interactive video training titles: Safety, DOT, EPA, Security

The highest quality online training on the market

The most advanced system for playing video over slow connections

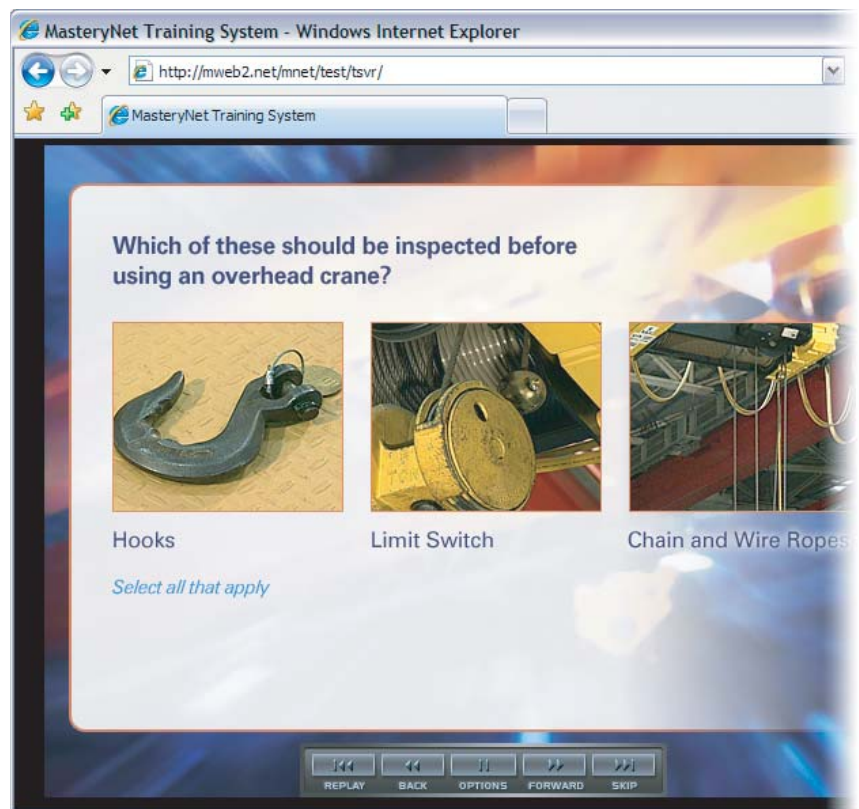

Powerful and easy to use Learning Management System

### Compelling

MasteryNet's state-of-the-art technology overcomes bandwidth limitations to make it possible to deliver eye-popping, broadcast quality training that makes the learning both effective and enjoyable.

### Reliable

Mastery has perfected training system reliability through 30 years of software experience and millions of e-learning sessions. Over 4,000 companies and organizations rely on MasteryNet every day to deliver and manage their training.

### Simple

At a glance, users can see where they are at in meeting all of their training assignments. They can see what assignments are due and which ones they've already completed.

They can click on their history / certificates tab and get immediate access to their historical training record or print a certificate or wallet card.

### Works with SCORM-compliant LMSs

All Mastery courses are available in a SCORM compliant version that can be launched by any SCORM-compliant Learning Management System.

Mastery courses are qualified for Continuing Education Units (CEUs) by the International Association for Continuing Education and Training.
